

DATA SECURITY POLICY

Our commitment

AMH Civil and its leadership is committed to building and managing a company with systems and infrastructure in place to ensure the security and integrity of internal data, to ensure we remain a trusted partner for our clients and stakeholders to share data with, and to comply with industry and government regulations including Cyber Security Act 2024 (Cth) and guidelines with regard to data security.

Data Security Policy in practice

In the development of systems and the implementation of hardware and software we will consider the following in order to best mitigate data security issues and potential breaches:

- Review and consideration of appropriate levels of control in accordance with the Australian Cyber Security Centre Essential Eight framework
- Remote monitoring and management in place as appropriate for business IT hardware
- Multi factor authentication in place for AMH Civil user profiles
- Use of trusted software with demonstrated commitment to data security
- Use of trusted hardware compliant with legislative requirements
- Register of approved software maintained by the business
- Register of known end points maintained by the business
- Appointment of General Manager as the internal Data Security Officer
- Appropriate use of on site hardware with built in router firewall
- Regular off site back up of business records
- Third party IT support providers to hold ISO27001 certification
- Blocked sign in for shared mailboxes to ensure traceable and secure log in activity
- Records maintained of suspicious activity and security breaches on incident register
- Threat detection and management software implemented within Business IT Systems
- Data sharing approvals and access managed through Document Control Procedure and position descriptions
- Consideration of data security risks and control strategies in the Organisation Risk Register
- Holding and maintaining appropriate insurance policies for coverage of potential cyber threats and risks
- Reporting of Notifiable Data Breaches to the Office of the Australian Information Commissioner as and when they occur
- Reporting of ransomware or cyber extortion payments made to the Australian Signals Directorate within 72 hours of payment
